

AMENDMENTS TO THE DRAWINGS

The attached sheet of drawings includes newly added Figure 6G. Figure 6G illustrates a door that has edges which are cut, as disclosed, for example, in paragraph 0041 of the specification. No new matter is added.

REMARKS

Claims 11 and 21 remain pending. Claim 14 is cancelled. Accordingly, Applicant respectfully requests withdrawal of the outstanding rejections together with an indication of the allowability of all the claims in the present application, in due course.

As an initial matter, Applicant thanks the Examiner for withdrawing the finality of the Office Action mailed April 22, 2005, and for indicating the allowability of claims 11 and 21.

In the Office Action, the Examiner objected to the drawings, asserting that the drawings must show a door of a sharing sheet having a shape different from a shape of an aperture, or not fully covering the aperture, as recited in claims 11, 14 and 21.

Applicant has amended the drawings by adding new Figure 6G, which illustrates such features. No prohibited new matter has been added. Accordingly, Applicant respectfully requests the Examiner to accept the drawings and withdraw the objection.

In the Office Action, the Examiner objected to claim 14 because of informalities, and rejected claim 14 under 35 U.S.C. § 102(b) as being anticipated by Sparks (U.S. Patent No. 3,207,301), and under 35 U.S.C. § 103(a) as being unpatentable over Sparks.

By the current amendment, Applicant has canceled claim 14, thus rendering the objection and rejections moot. Cancellation of the claim should not be viewed as an acquiescence of the propriety of the objection or the rejections, but merely as a desire to advance this application to issue.

P23583.A08

As the Examiner has previously indicated that pending claims 11 and 21 are allowable, it is respectfully submitted that this application is now in condition for allowance, and a Notice of Allowance is respectfully requested

SUMMARY AND CONCLUSION

Applicant has made a sincere effort to place the present application in condition for allowance and believes that he has now done so. Accordingly, reconsideration of the outstanding Official Action and allowance of the present application and all the recited claims therein are respectfully requested and now believed to be appropriate.

Should the Examiner have any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Won Ku LEE
